1. Acceptance of Terms

By accessing or using the ReceiptSense application (the "Service"), you agree to be bound by these Terms of Service ("Terms"). If you disagree with any part of the terms, then you may not access the Service.

2. Description of Service

ReceiptSense is an automated tool designed to process uploaded images (such as receipts and invoices) using Optical Character Recognition (OCR) technology. The purpose of the Service is to extract key data points, structure them into a machine-readable format (JSON), and display them in a user-friendly summary and itemized table.

Important: The accuracy of the OCR process is dependent on the quality of the uploaded image and the complexity of the document. We do not guarantee 100% data extraction accuracy and the results should be reviewed by you.
